

- Go thru the Register and Login feature (Marc/Alina)
- Show what endpoints are being hit and how the nodes are created in the Neo4j database (Marc/Eli)
- Talk about future development of Profile Page and Facebook Login Feature. Also Logout button (Alina/Marc)

Search Maps Page

- For dummy user Bob, search for 4-5 restaurants and add them to a new map (Jasmine)
- Show how these relationships are created in Neo4j (Eli)
- Talk about future development (Jasmine/Eli)

Your Maps and Friends Maps

- For another user (James), he will already have friends relationships with their own maps and restaurants in them
